

INTRODUCING THE PRO-SET® MT2H7 “WORKINGMAN” MANIFOLD

cps®

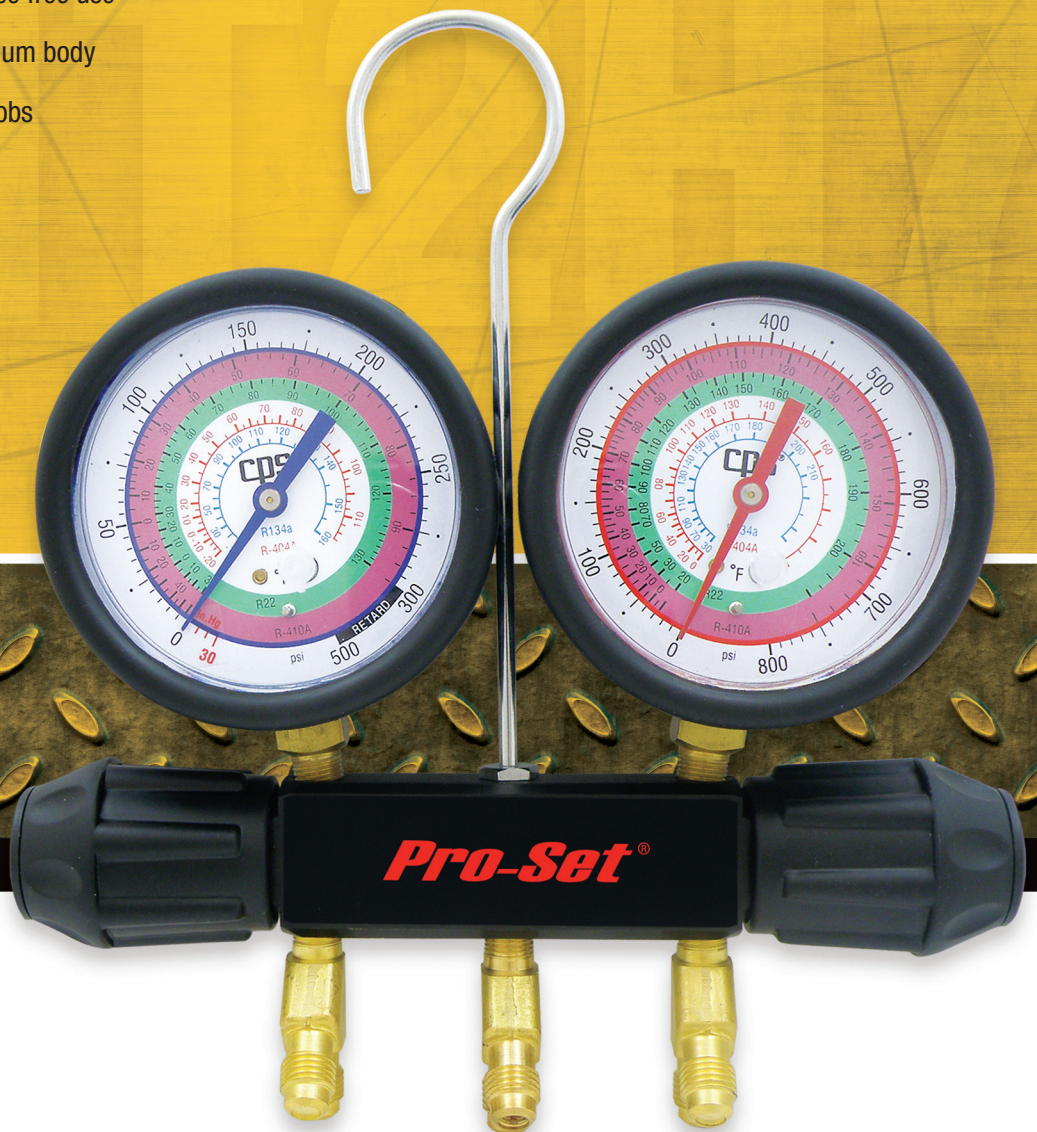

INNOVATIONS IN DESIGN™

AS CLOSE TO PERFECTION AS ENGINEERING GETS

Accuracy is critical when it comes to measurement, Pro-Set “Workingman”

has rugged durability that is up to the task even in the most punishing working conditions.

- 1% measurement accuracy
- Hard-coat anodized for maintenance free use
- Precision machined aircraft aluminum body
- “Gorilla Grip” TPE coated metal knobs
- Triple-Seal™ piston valve design
- Large 3 1/8" gauges
- Heavy duty Santoprene® gauge boots
- Custom-fitted carrying case when purchased with hoses

INTRODUCING THE PRO-SET® TITANIUM HD SERIES TUBE CUTTERS

cps®

INNOVATIONS IN DESIGN™

FOR PERFORMANCE, THEY REALLY CUT IT.

You need tools that work as hard as you do and nothing outperforms like the power of the Pro-Set Titanium HD series. Put them to work for you on your next job.

- Cuts hard or soft copper, aluminum, brass, stainless steel
- Integrated rotary reamer tool for deburring
- Precision rollers machined with cut-off grooves to facilitate flare removal and reduce tube loss
- “Gorilla Grip” TPE Covered metal handles assist in providing consistent and correct pressure on the cutting blade for the perfect cut every time
- Enclosed hardened-steel thrust bearing feed mechanism ensures smooth cutting action and trouble free operation
- Cutter wheels are precision-machined from high grade chromium steel, then plated with Titanium Nitride, increasing the useful life up to 5 times longer
