- Available at Parker and Sporlan distributors.

ZoomLock
FLAME-FREE REFRIGERANT FITTINGS
Increase productivity and profitability

ZoomLock flame-free refrigerant fittings are specially designed to work without brazing, which automatically makes your job simpler and faster when joining copper tubes.

Professionals who have tried ZoomLock flame-free refrigerant fittings report that time and labor costs on tube connections are typically reduced 40 - 50% by eliminating the need for brazing. The biggest benefit of that improved efficiency is **more productivity and increased profit potential.**

- Huge labor and time savings
- For HVACR up to 750 psi
- Less equipment required
- More flexible access to job sites
- No hot-work permit
- Safer conditions, no fire hazards
- No need to nitrogen-purge
- Klauke® and RIDGID® compatible jaw sets
